TO WHOM IT MAY CONCERN

I have been studying Art at TAFE for many years.

Last year I studied Media and Communication and I excelled in the writing component. Because of that I decided to do Photography, I enrolled drove all the way to Goulburn only to find out the Course and no other Arts courses were running. Now because you have taken all the funding away I have had to go and pay for a course in Photography and being on a Disability Pension that is not easy.

As the saying goes 'There is NO Art without Artists' so a lot of people are missing out on what they love doing. I personally think it is disgusting.

Yours sincerely,  
Marlo Campbell
