

PETITION

Global Effort to

**Bring International Human Rights Violator Jiang Zemin to Justice
We believe that all persons have the right to be free from torture and genocide.**

**TO THE HONOURABLE SPEAKER AND MEMBERS OF THE HOUSE OF REPRESENTATIVES
ASSEMBLED IN PARLIAMENT:**

The petition of certain citizens and residents of Australia draws to the attention of the House that:

- a) Many human rights organisations, including Amnesty International and Human Rights Watch, have indicated in their reports that people who embrace the spiritual practice of Falun Gong in China are being subjected to torture, illegal and prolonged incarceration, and other egregious violations of their human and civil rights, including death.
- b) Several lawsuits have been filed worldwide against Jiang Zemin, the former leader of Communist China, for his role in initiating and implementing this genocidal persecution. This includes a lawsuit filed against Jiang Zemin in the District Court of the Northern District of Illinois for the crimes of torture, genocide, and crimes against humanity.
- c) Through these positive efforts, the perpetrators of torture will be warned to stop their violations of human rights, and humanity will be better off when victims of such crimes are granted appropriate legal avenues to seek justice.

Your Petitioners Therefore REQUEST THE HOUSE TO INITIATE A RESOLUTION TO SUPPORT ALL EFFORTS TO:

- I. Guarantee to Practitioners of Falun Gong in China Their Constitutional Rights to Freedom of Belief, Freedom of Religion and Freedom of Conscience;**
- II. Address the Purported Genocide Perpetrated in China Against Falun Gong to Help End It;**
- III. Peacefully Stop the Persecution of Falun Gong in China via all Legal and Extra-Legal Means.**
