The Hon. John Murphy
Chair, Standing Committee on Petitions
Federal Member for Reid
Parliament House

21 FEB 2012

Dear Mr Murphy

I refer to your letter of 15 February 2012 in relation to a petition tabled regarding federal funding for coal fired power stations in Victoria.

I advise that HRL has not received funding in relation to the matter raised in the petition from my Departments and that these matters fall within the reasonability of the Minister for Resources, Energy and Tourism.

Yours sincerely

GREG COMBET
