Dear Public Works Committee

**Pawsey High Performance Computing Centre for SKA Science at Kensington,  
Western Australia**

Curtin University of Technology (Curtin) strongly supports the establishment of the Pawsey Centre on CSIRO land at Kensington.

As significant users of high performance computing in Western Australia, both for radio astronomy and more generally for high volume data storage and analysis as well as computational modelling, we welcome this initiative by the Commonwealth Government.

Yours sincerely

**Professor Linda Kristjanson**  
Acting Vice-Chancellor
