Affairs**
Committee activities (inquiries and reports)
**Inquiry into residential strata title
insurance**

Dear Parliamentary Inquiry

I own an apartment in Cairns and am extremely concerned about the massive recent increases in insurance. I am told that the insurance industry is now able to simply name its price for apartments, and that we have no alternative but to pay. We are required by law to pay insurance and therefore stand to lose our homes if we cannot afford what is being asked.

We urgently need government to intervene in this situation.

Angie Denahy
