

15 January. 2012

The Hon. Warren Entsch MP  
Federal Member for Leichhardt  
MacDonnells Building, 102 Grafton St  
Cairns QLD 4870

Dear Mr Entsch,

I am the owner of [REDACTED] and I wish to **lodge my OBJECTION**, raise my concern and anger at the spiralling Body Corporate fees, which in my case have tripled resulting from unaffordable increases to our insurance premium.

My unit is in a small two level complex of only 8 units and the entire complex is concrete block construction. My unit is on the upper level and I consider it at a no greater risk, or even less risk of damage than surrounding residential houses.

In closing I call for a review of the recent absurd insurance premium increases on units.

Regards,

Kymerlee Talbot
