Parliament House  
CANBERRA ACT 2600

DGL 06/1172

Dear Mr Barresi

I refer to your letter dated 20 July 2006, seeking information on automotive courses and school-based traineeships and apprenticeships delivered to secondary students in NSW.

The Jumpstart and the T3 Programs are two innovative school-based traineeship programs that have been developed in partnership with industry and are offered across NSW. There are also new school-based traineeships in heavy vehicle servicing and motorcycle servicing. On successful completion of traineeships students receive the NSW Higher School Certificate, an Australian Qualifications Framework (AQF) VET qualification and a Certificate of Proficiency. A list of traineeship courses offered for Years 11 and 12 in 2005/2006 with the numbers of students enrolled is attached.

The NRMA Insurance Jumpstart Autobody Traineeship is a school-based traineeship for students in Years 11 and 12 which enables them to obtain training and paid employment as a panel beater or spray painter in the smash repair business whilst completing their Higher School Certificate. Students attend TAFE and gain one of the following nationally recognised qualifications: Certificate II in Automotive Vehicle Body AUR 20905, Certificate II in Automotive Vehicle Body (Paint Preparation) AUR 20905 or Certificate II in Automotive Vehicle Body (Panel Preparation) AUR 20905.

The T3 program, offered across NSW, is an opportunity for students entering Year 11 to undertake a school based part-time traineeship with a participating dealership as part of the Higher School Certificate. On successful completion of the Higher School Certificate and the traineeship, students may continue in full-time employment with the dealership and complete their trade or equivalent studies.

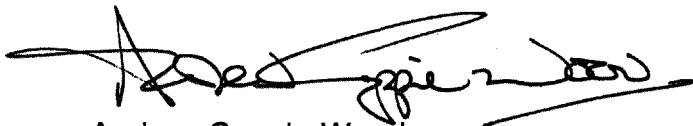

Through the T3 Program, automotive dealerships and TAFE NSW provide students with a range of training and development opportunities. The qualifications available to students include Certificate II in Vehicle Servicing (Light) AUR20505, Certificate II in Automotive Sales (Replacement Parts & Accessories) AUR 21105 and Certificate II in Business Services BSB 20101. The manufacturers and distributors that employ students in this program include: Toyota, Ford, Holden, Mitsubishi, Mazda, Volkswagen, Porsche, Hyundai and Nissan.

The NSW Higher School Certificate provides courses delivered by TAFE NSW in automotive studies which have been specifically designed for students in Years 11 and 12. On completion students receive the Certificate I in Automotive AUR 10105.

NSW is currently seeking community consultation for a proposal to develop school-based apprenticeships in a range of trade areas, including the automotive industry.

If you require any further information, Mr Michael Hyam, Director, Vocational Education in Schools can be contacted on telephone number (02) 9244 5035.

Yours sincerely

Andrew Cappie-Wood  
**DIRECTOR-GENERAL OF EDUCATION AND TRAINING**  
**MANAGING DIRECTOR OF TAFE NSW**

7 August 2006
