Submission No.207.....

Dear Sir or Madam,

Since adequate evidence has been declared for us to realise that to ratify the ICC Statute would be detrimental to the national interest, it would be appropriate for your Committee to make its report to the Government immediately.

Please write me with a declaration of your intention to do so.

Furthermore, I request that you put me on the mailing list of those receiving information concerning developments on this Treaty (ICC) & any further treaties presented for Australian ratification.

I was present at a local meeting where one of your former members was guest speaker.

Yours etc
A B Buchan
