Dear Stephen

As discussed by phone today, during the hearing in Adelaide, Mrs Irwin asked to receive information about the services the South Australian Government offers to independent skilled migrants and business skills migrants.

I have enclosed a folder with promotional material and would be grateful if you could forward the pack to Mrs Irwin.

In addition, Mrs Irwin asked (page M89) for information about the number of contacts to date and how many have taken up our offer of services. Could you please inform Mrs Irwin that there have been 2,309 contacts made by independent skilled migrants for services available under our Immigration SA package, with 1,091 family units (representing 3,164 people) having accessed one or more of those services.

Yours sincerely

John Haren
Director Business and Skilled Migration
