

PETITION

To the Honourable Speaker and Members of the House of Representatives Assembled in Parliament:

The following details have been provided by a long-time reporter who worked for a Japanese non-governmental television news agency and specialised in news on China.

In Sujiatun District, Shenyang City, the CCP has established a secret concentration camp, where over 6,000 Falun Gong practitioners are detained. The concentration camp has a crematorium to dispose of bodies. There are also many doctors on site. No detainees have managed to leave the concentration camp alive. Before cremation, the internal organs are all removed from the bodies and sold.

The camp is said to hold over 6,000 Falun Gong adherents at any given time, and "nobody has yet to come out" from it alive. According to the source, it contains a crematorium, and an unusually large number of doctors work there--reflecting the camp's practice of killing prisoners for their organs, which are then sold for profit.

Your petitioners therefore ask the House of Representatives to:

- a) **Request the Australian government to openly condemn the persecution of Falun Gong by the CCP regime, particularly the horrific practice of harvesting and selling organs of executed practitioners.**
- b) **Note that the *International Covenant on Civil and Political Rights* and the *Universal Declaration of Human Rights* apply to all Falun Gong practitioners worldwide.**
- c) **Note that Australia is one the eight countries that drafted the Declaration of Human Rights, and the Australian government should therefore honour the principles in the Declaration and openly condemn the persecution of Falun Gong practitioners by the CCP regime.**
