The Secretary
Joint Parliamentary Committee on Intelligence and Security

Dear Sir,
1. Item 10 I wish to submit that in regard to Item 10 (Australian Security Intelligence Act 1979) ASIO members are quite efficient at what they do without this additional power.

2. Item 15 I strongly object to having my emails available to the government. This is an unjust intrusion into my privacy. We do have a Privacy Act in Australia. ASIO is experienced enough to know where to look in regard to "terrorist" problems.

Yours sincerely,
Don Auchterlonie
