Subject: Insurance Cost

As Chairman of the Body Corporate of [REDACTED], I submit that the enormous increase in insurance cost is totally unacceptable for both owner occupiers & rental apartments. I speak on behalf of all 13 units in our complex. We have as far as I am aware no major claims on Insurance companies in Cairns over the last 20 years so why should we carry the cost increases incurred in other area's who incidentally have a much lower cost of living than we who live in Cairns.
