CANBERRA ACT 2600

17 October, 2000

House of Representatives Standing
Committee on Communications,
Transport and the Arts

Submission No: 57

Date Received: 19/10/00

Secretary: *Janet Holmes*

Dear Sir/Madam

Council met on the 10th October 2000 and discussed the matter of radio reception within our Council area.

The Council has two (2) dead spots for radio reception being Horrocks Pass and the Port Germein Gorge.

There are other areas where interference is bad such as along the north-eastern boundary of Mount Remarkable. As Mount Remarkable is a central feature within our Council area this is annoying.

Council also has local residents involved in community radio in Port Pirie and they have some concerns about the licencing requirements in order to be able to transmit to the eastern side of the Range to provide benefit to people within this Council area as well as Port Pirie.

Please find attached maps showing our Council area and our perceived dead spots.

Yours faithfully

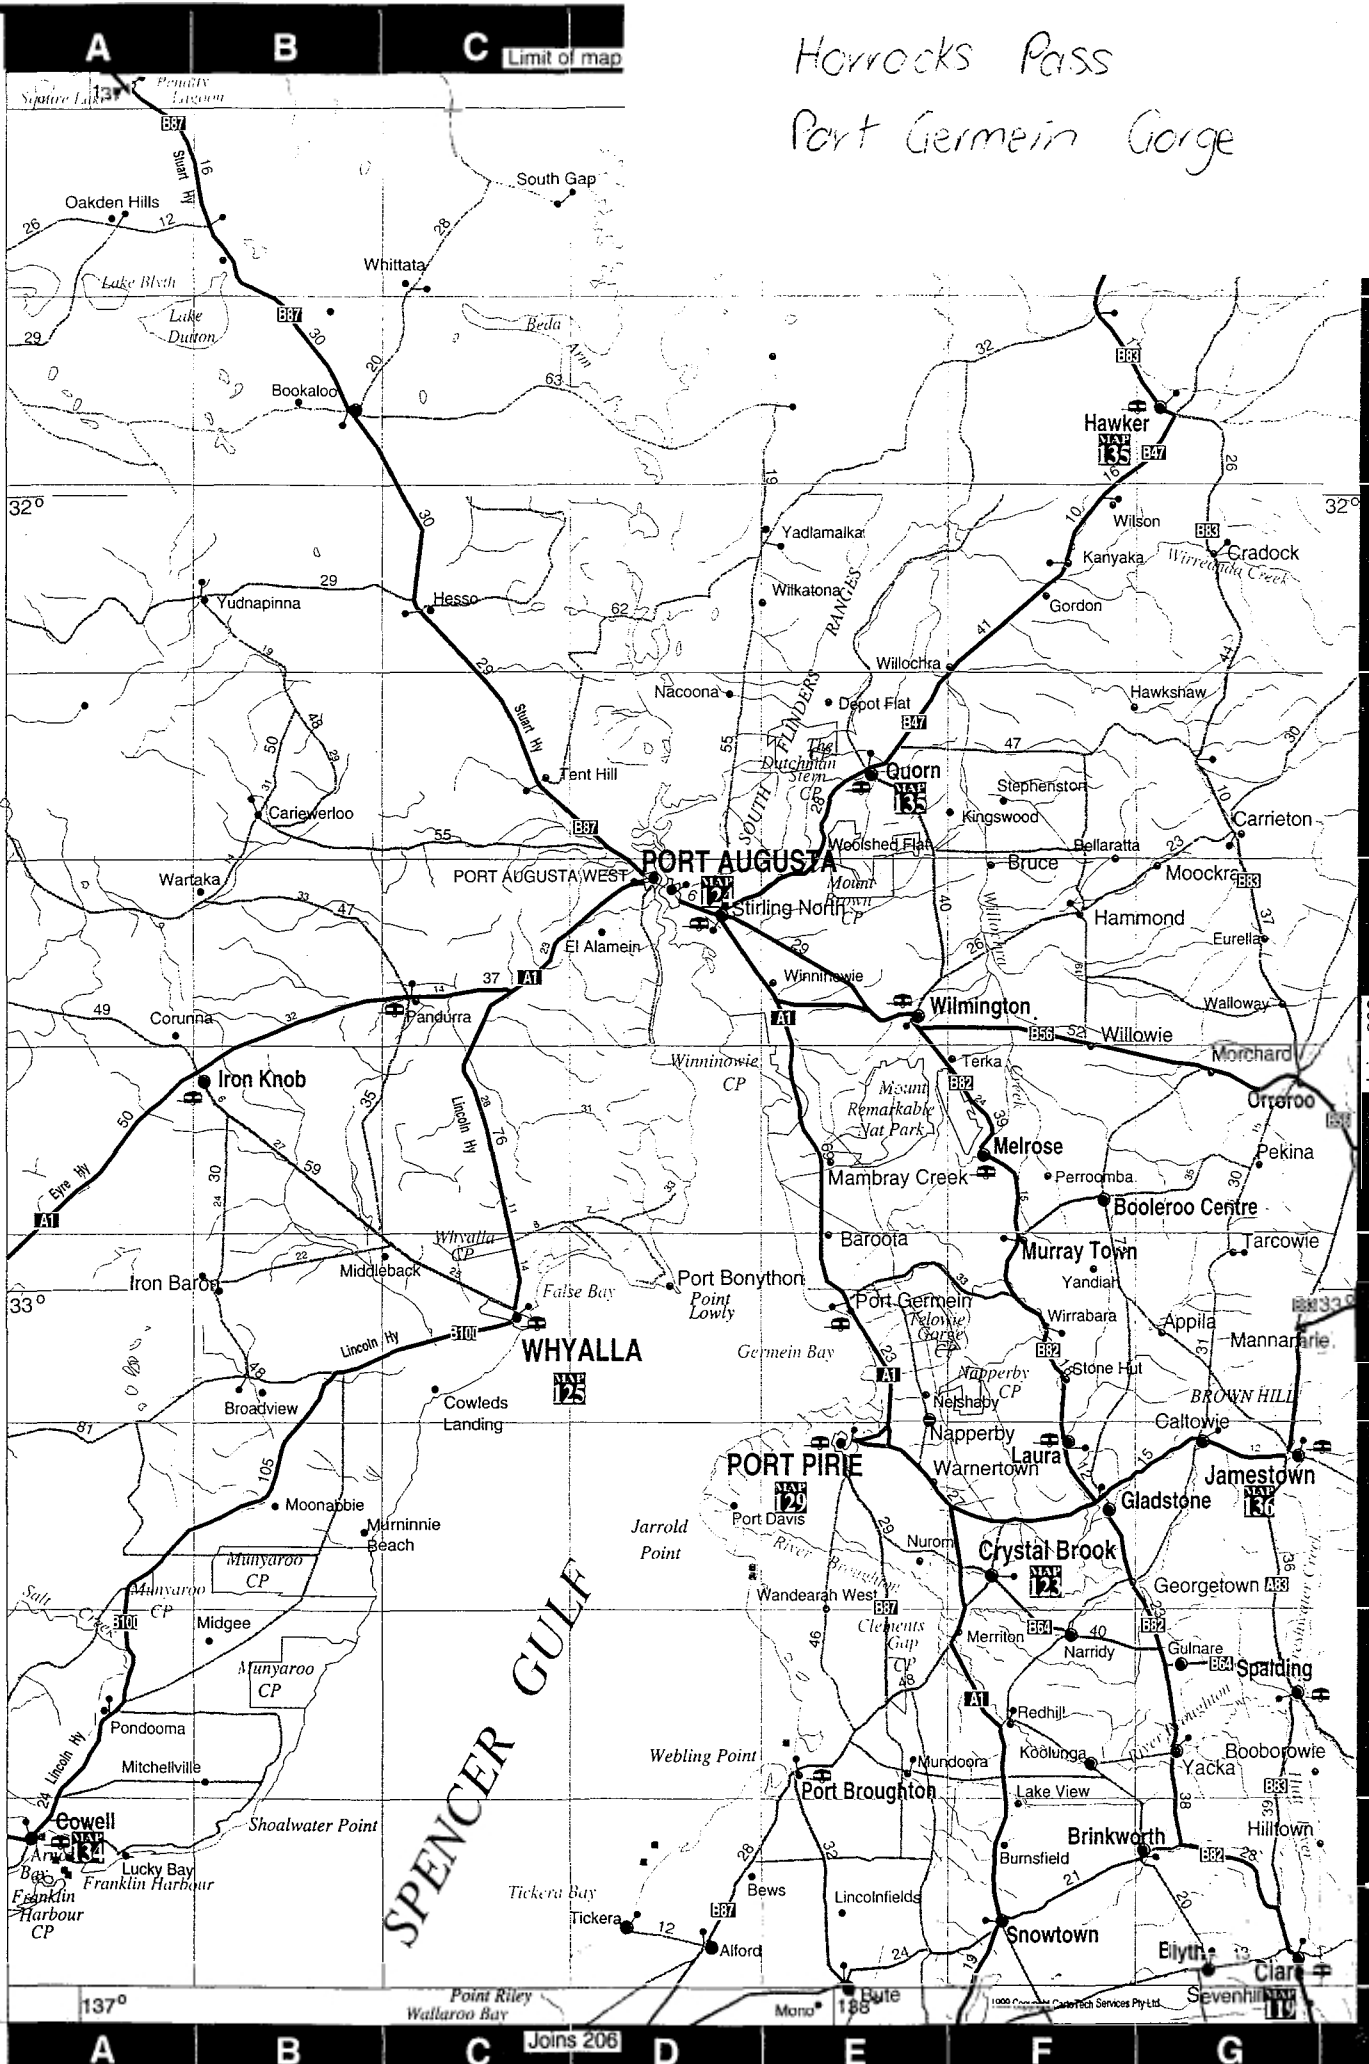

Peter Moore
District Clerk
