

Dear Sir/Madam

Re Inquiry into aspects of Workers Compensation

I faxed a six page submission to you on the 27 Aug 02 which you have kindly acknowledged —

That submission briefly outlined a number of occurrences that I believe were fraudulent or at least inappropriate —

I realise now that I overlooked mentioning a very important issue which I would like you to consider —

The magistrate who dealt with my work health case was at the same time a client of the employers solicitor in a case against him —

When I raised this with my solicitor he would not do anything about it as he said the magistrate was his friend but I believe the magistrate should have stood aside —

Could you please add this as an attachment to my submission of 27 Aug 02

Yours Sincerely

~~Max~~ Tomlinson
