## **Recommendation 1**

**2.95** Based on the evidence and the concerns outlined by stakeholders, the committee recommends that Australian Hearing should not be privatised.

## **Recommendation 2**

**3.43** The committee recommends that the government provide clarity around the work already done on the transition of the Hearing Services Program to the National Disability Insurance Scheme. Any 'blueprint' or implementation plan should be made public as soon as it is finalised, so as to reassure stakeholders that the quality services provided by Australian Hearing continue to be available in order to ensure that hearing impaired Australians can live the life they deserve.
