Senator Seiwert asked:

Please provide details including funding provided for each project the Healing Foundation Funding Program supported in the 2010/2011 round?

Answer:

The Aboriginal and Torres Strait Islander Healing Foundation Ltd, is an independent, not-for-profit organisation established in 2009, to support community-based healing initiatives that address the traumatic legacy of colonisation, forced removals and other past government policies.

The Government has committed \$26.6 million over 4 years to support the activities of the Healing Foundation.

The Government does not report on individual grants provided by non-government organisations. Further information may be available from the Healing Foundation. You may like to visit the Healing Foundation website at:
