**Hansard Page:** 25/2/2011-CA11

**Senator Scullion** asked:

How many Government Business Managers have completed Indigenous cultural competency training?

**Answer:**

During the period from January 2010 to March 2011, 49 Government Business Managers have received cultural awareness/appreciation training or development.

This does not include the informal development that occurs in some of the local communities through the introduction of Government Business Managers to key Indigenous peoples to learn about the range of issues affecting the local communities.
