Senator Fierravanti-Wells asked:

I will start on some tenders: Another one is \$207,000, almost \$208,000, for providing program management services on the National Health and Hospital Network Business Information System project.

Answer:

This contract is for a Program Manager with a high level of experience and expertise in the management of major systems development projects. The Program Manager is leading a team responsible for delivering information systems to support activity based funding of hospitals and the work of Independent Hospital Pricing Authority and the National Health Performance Authority.
