In relation to funding for projects to implement the National Plan to Reduce Violence against Women and their Children, women with disabilities are identified as a target population group under the Plan and its Implementation Plan, yet there seem few projects funded under this Plan which will address violence against women with disabilities. Have any of the proposals put forward for this target population been funded?

Refer to the National Plan Information Sheet *Women with disability and the National Plan to Reduce Violence against Women and their Children* on the FaHCSIA website.
