Written Question on Notice

Senator Fierravanti-Wells asked:

How many organisations that applied for the original tranche of 30 headspace sites also applied for one of the 30 new headspace sites announced in the 2010-11 Budget and which location were each.

Answer:

headspace has advised that two organisations applied for both the original tranche of 30 headspace sites and the recent Expression of Interest process for lead agencies to operate one of the new 10 sites announced in the 2010-11 Budget. Both organisations submitted applications in each process in relation to the Perth location.
