Question: E13-222

OUTCOME: 8 - Indigenous Health

Topic: Renal Health Service Infrastructure

Type of Question: Hansard Page 38, 7 June 2013

Senator: Siewert

Question:

In regards to renal dialysis, if it is not a money value, what would WA be expected to contribute for Kiwirrkurra and Warburton?

Answer:

The Australian Government proposed three infrastructure projects (Kiwirrkurra, Warburton and Warnarn) for Western Australia (WA) which would require ongoing operational commitment from the WA Government. The question of cost and level of service delivery undertaken in these projects can only be determined by the service provider and WA Government.
