

## Senate Community Affairs Legislation Committee

### BUDGET ESTIMATES - 4 JUNE 2013 ANSWER TO QUESTION ON NOTICE

#### Human Services Portfolio

**Topic:** Data – Northern Suburbs of Adelaide

**Question reference number:** HS 24

**Senator:** Edwards

**Type of question:** Hansard pages 91-92

**Date set by the committee for the return of answer:** 26 July 2013

**Number of pages:** 9

#### **Question:**

Senator EDWARDS: I want to take you, just for context, to the income support recipients and specifically an area where I work, which is the northern suburbs of Adelaide, which is in another program of income management where they intervene and do all of that. Obviously youth unemployment is at 44 per cent and of course that creates a great deal of anxiety and a great deal of work for my office as we try to deal with the manufacturing closures that have gone on there over the last six or eight months. It seems to be an epidemic at the moment.

I want to try to address, stem the tide or work with the communities. Do we have any figures on the increase of benefits paid over the last five years? I am trying to get to a situation where I can get an understanding of the Family Tax Benefit, the healthcare card, low income card, the Abstudy, both non-living allowance and living allowance, Youth Allowance, Youth Allowances Students and Apprenticeships and Austudy. I am trying to find a trend over the last five years, and you would have that information. Obviously with 44 per cent youth unemployment we want to try to get that back. I want to find out if we have a benchmark from five years ago to today as to what has happened in that area. That specifically takes in the electoral division of Wakefield. There is a little bit of Makin in there, but largely it is Wakefield.

Mr Sandison: We can obviously take that on notice and for that area go through the payments that you have identified and do a five-year snapshot that gives a point in time figure that will allow you to see the year-by-year changes that might have gone on. The actual ownership of the data is through the policy departments, DEEWR and FaHCSIA, but we work with them on a standard protocol and we can bring together a set of data that gives you five years—a point in time in each of those five years across that number of payments.

Senator EDWARDS: I am never in the right spot to ask the right questions.

Mr Sandison: We can be a centre point for the other two departments.

Senator EDWARDS: Do you understand that I am trying to see trends? I am trying to see whether things have gone backwards. I am interested to know whether Youth Allowance and the Austudy has gone backwards and everything has gone up the other way. I want to get a snapshot into that region to find out where we have the dysfunction.

Mr Sandison: Certainly.

Senator EDWARDS: If you like, I will provide the secretariat with a précis of that question so that you have that.

**Answer:**

The attached tables provide data on the number of customers in the electorate of Wakefield who receive the following payments and programs:

- Family Tax Benefit Part A and Family Tax Benefit Part B;
- Health Care Card;
- Low Income Health Care Card;
- ABSTUDY;
- Youth Allowance (full-time student);
- Youth Allowance (Australian Apprentice); and
- Youth Allowance (job seeker).

The data provided is as at June 2010, June 2011, June 2012 and March 2013. In the case of Youth Allowance (full-time students and Australian Apprentices), data has also been provided as at June 2009.

**ABSTUDY**

The reduction in the number of ABSTUDY customers under 21 years in receipt of Living Allowance is owing to the implementation of the Supporting Families with Teenagers measure on 1 January 2012. Under this measure, Family Tax Benefit Part A increased for dependants aged 16–19 years undertaking full-time secondary study. Some families decided to forfeit ABSTUDY entitlements to claim Family Tax Benefit, as it was a better payment option for their family.

**Youth Allowance (full-time students)**

Since 1 January 2012, Family Tax Benefit is the primary payment for young people aged 16–17 years in full-time secondary study. A 16–17 year old in full-time secondary study may only claim Youth Allowance where:

- they are required to live away from home to study; or
- they are considered independent for Youth Allowance purposes.

This explains the reduction in Youth Allowance full-time students from 2012 onwards.

**Payment by age group and marital status for the Electorate of Wakefield - FTB 25 June 2010, Cards 4 June 2010**

| Age group   | Family Tax Benefit A |         |           | Family Tax Benefit B |               |           | Health Care Card |           |           | Low Income Card |               |           |
