

Senate Community Affairs Committee
ANSWERS TO ESTIMATES QUESTIONS ON NOTICE
Social Services Portfolio
2014-15 Budget Estimates Hearings

Outcome Number: 1

Question No: 139

Topic: NATSEM Modelling

Hansard Page: Written

Senator Moore asked:

What is the comparison between the figures provided by NATSEM modelling and the modelling figures reached by DSS from the same data source?

Answer:

The Department did not seek to replicate the NATSEM modelling. As the Committee was advised by Ms Wilson, modelling of the combined impact of budget measures is undertaken by the Treasury (See Community Affairs Committee Hansard p73).
