

Senate Community Affairs Committee
ANSWERS TO ESTIMATES QUESTIONS ON NOTICE
Social Services Portfolio
2014-15 Budget Estimates Hearings

Outcome Number: 3

Question No: 406

Topic: Aged Care - Home Support

Hansard Page: Written

Senator Polley asked:

What training and support is available in telehealth for aged care practitioners (such as registered nurses)?

Answer:

Industry bodies and organisations (such as the Australian College of Rural and Remote Medicine) and telehealth equipment suppliers (such as Tunstall) offer a range of training, support and networks for people wishing to become more involved in telehealth service provision. The department does not maintain details of these supports.
