Social Services Portfolio
2014-15 Budget Estimates Hearings

Outcome Number: 3

Question No: 416

Topic: Aged Care - Home Care

Hansard Page: Written

Senator Polley asked:

Please provide any feedback or assessments on the roll out of CDC packages.

Answer:

The Department of Social Services engaged KPMG in April 2014 to conduct a formative evaluation of the implementation of the Commonwealth Home Care Packages Programme, including the introduction of a Consumer Directed Care (CDC) model of aged care service delivery. Further information will be available when the evaluation reports in April 2015.
