

**Senate Community Affairs Committee**  
**ANSWERS TO ESTIMATES QUESTIONS ON NOTICE**  
**SOCIAL SERVICES PORTFOLIO**  
**2016-17 Budget Estimates Hearings**

**Outcome Number: Cross Outcome - Across Programs**

**Question No: SQ16-000279**

**Topic: Data Exchange**

**Hansard page: 78**

**Senator Brown, Carol** asked:

With the 2,000 organisations that are registered, what is that as a percentage of the whole? Can you provide a list of the organisations that use the Data Exchange, both partnering and utilising?

**Answer:**

Around 60 per cent of organisations funded by DSS are using the Data Exchange. This equates to 743 of the 1,300 organisations currently funded to deliver DSS program activities.<sup>1</sup> More organisations will begin using the Data Exchange, as new programs are progressively introduced into the community. Organisations funded to deliver activities such as research, capital works or conferences do not report via the Data Exchange, as these services are not delivered directly to clients.

As at 21 June 2016, around 1,853 organisations are using the Data Exchange for their program performance reporting, across three Commonwealth agencies, DSS, the Department of Health and the Attorney-General's Department.

The full list of organisations utilising the Data Exchange is at **Attachment A**.

---

<sup>1</sup> This analysis excludes certain services in FOFMS including Volunteer Grants, as well as grant-like services such as Autism Spectrum Disorder Early Intervention Services, Better Start Early Intervention Services and National Rental Incentives.
