Outcome Number: 7

Question No: 209

Topic: NT Housing

Hansard Page: 21/10/2011 CA59

Senator Scullion asked:

With regard to CASA requirements: Please provide contractual details with regards to re-working the power - who was responsible for that. Did the Government pay for the re-working - or was it the Alliance partners? How did you come to that arrangement?

Please provide advice on whether there are any issues with the airstrip in relation to housing works in Maningrida.

Answer:

There has been no re-working of power in Maningrida. There has been no re-works or change to the design since commencement of construction. As there was no re-working of the power, no payment for rectification is required by the Government or the Alliance partners. There are no reported issues with the airstrip in relation to housing works in Maningrida.
