

QoN No.	Agency/ Outcome	Senator	Broad topic	QUESTION
1	NEHTA	Boyce	Budget	What is the complete budget for NEHTA for 2012/2013?
6	NEHTA	Boyce	National Authentication Service for Health (NASH).	It has been announced that the contract signed with IBM to complete the NASH as now been terminated. Did that contract contain penalty provisions for non-delivery? How much money has IBM already been paid? What percentage of the contract price will be lost or written off as a result of the contract termination
7	NEHTA	Boyce	National Authentication Service for Health (NASH).	At the time the IBM contract was signed it was claimed by both NEHTA and DOHA that no one internally had the capacity to build a secure NASH but now with the termination of the IBM contract the work is now being done internally. It's claimed that this 'internal capability' was not realised at the time. This sounds at the very least to be a costly error of judgement. Could you provide all internal documents that go to the reasons why IBM was chosen and why in your initial assessment your own internal teams lacked the capacity to build the NASH?
8	NEHTA	Boyce	National Authentication Service for Health (NASH).	What has changed in regard to their capacity from the time the IBM contract was signed and now? Can you please provide documentary proof to support your response?
9	NEHTA	Boyce	National Authentication Service for Health (NASH).	When will the NASH now be delivered?
20	NEHTA	Boyce	Accountability and Expenditure	Could NEHTA provide details of total expenditure on hire cars in the last 12 months for all staff, contractors and clients?
21	NEHTA	Boyce	Accountability and Expenditure	Could NEHTA provide details of all hire car expenses occurring in Sydney for NEHTA staff in the last 12 months? That should include cost per trip, pick-up and set down details, dates of travel and passenger identification.
