Topic: Switch on of first FTTN service

Senator Conroy, Stephen asked:

Senator CONROY: Now when do you expect to switch on your first FTTN services—switch them on—not done under the trial Telstra JDWC contract. I know you have mentioned you have extended it but, in that extension part—without getting into a debate about the word 'trial'—when do you expect those ones to be?

Mr Morrow: May.

Senator CONROY: And when do you—

Senator O'NEILL: Where?

Senator CONROY: Sorry: where was a quick question from the side? I have got their list, if you want to inform us.

Mr Morrow: I do not have it here, but it has been published.

Mr Rue: We will take that on notice.
