**Topic: FTTP - Customer connect costs**

**Senator Urquhart, Anne asked:**

Please set out the line items included as capex in NBN Co's customer connect costs for FTTP.

**Answer:**

NBN Co's customer connect costs for FTTP include costs from Service Delivery Partners for activities performed according to their contracted schedule of rates, materials costs for items consumed, an attribution of overhead costs from Service Delivery Partners and an attribution of internal labour costs which are directly related to the FTTP connection activities.
