Question No: 155

nbn

Hansard Ref: Written, 22/02/2016

Topic: FTTN - Activation costs

Senator Urquhart, Anne asked:

Please set out the line items included as capex in NBN Co's activation costs for FTTN.

Answer:

nbn's activation costs for FTTN include costs from Service Delivery Partners for activities performed according to their contracted schedule of rates, materials costs for items consumed, an attribution of overhead and mobilisation costs from Service Delivery Partners and an attribution of internal labour costs which are directly related to the FTTN connection activities.
