**Question No: 20**

**Australia Post**

**Hansard Ref: Page 27, 09/02/2016**

**Topic: Category F - LPOs**

**Senator Urquhart, Anne asked:**

**Senator URQUHART:** What would be the average number of parcels that are handled by category F LPOs each week?

**Mr Fahour:** Again, I do not have the report in front of me, and I was not aware. We talked about this at the last Senate estimates. I am sorry I do not have it in front of me. But I would be more than happy to take that on notice.

**Senator URQUHART:** Okay. Can you also take on notice what would be the maximum number of parcels that a category F LPO would be likely to handle each week? I want the average number and then the actual maximum number of parcels.

**Mr Fahour:** I would be delighted to do so.

**Answer:**

Given the confidential nature of the Partners in Performance review, Australia Post was not provided with a list of individual LPOs comprising Category F. As such, Australia Post is unable to provide the average or maximum number of parcels that a Category F LPO may handle each week.
