Question No: 246

NBN Co Limited

Hansard Ref: Written, 14/03/2017

Topic: Design, construction and RFS table – by technology

Senator Urquhart, Anne asked:

Please complete the following table for data as of 1 March 2017.

	FTTN/B	**FTTC**	**HFC**	**FTTH**	**FW**	**Satellite**
Already RFS						
In design						
In construction						
Total (RFS/Design/Construction)						
Total premises RFS by end of rollout						

Answer:

Please see QoN 338 regarding the breakout of some technology types.

nbn provides weekly RFS rollout updates, broken down by broad technology type, on its website each week at:
www.nbnco.com.au/corporate-information/about-nbn-co/corporate-plan/weekly-progress-report.html

Areas that have commenced construction are also listed by postcode and broad technology type at:
http://www.nbnco.com.au/content/dam/nbnco2/documents/website-communities-table.pdf

For estimates of the proportion of premises covered by each technology at the end of the rollout, please see page 40 of the nbn Corporate Plan 2017. This will be updated in the next corporate plan.
