Topic: Lead Contractors

Senator Griff, Stirling asked:

How many lead contractors does NBN Co have in each state and territory?

(a) How many contractor entities do these delivery partners engage in each state?

Answer:

See table below, current as at June 2017, inclusive of Deployment and Operations delivery partners. Numbers are approximate, as there may be Delivery Partners that are on a panel contract but yet to be issued work in a region, or conversely they may be finalising work rather than having any new work issued.

(a) nbn is not aware of the number of sub-contracting entities utilised by our primary contractors
