

Senate Standing Committee on Environment and Communications
Answers to Senate Estimates Questions on Notice
Budget Estimates Spill-over Hearing June 2017
Communications Portfolio
NBN Co Limited

Question No: 328

NBN Co Limited

Hansard Ref: Written, 27/06/2017

Topic: FTTC distribution

Senator Urquhart, Anne asked:

Please provide a breakdown of forecasted FTTC premises across each state and territory.

Answer:

Please refer to <http://www.nbnco.com.au/corporate-information/media-centre/media-releases/nbn-rolls-out-new-world-leading-broadband-technology.html> for a list of locations where FTTC construction will commence in the second half of 2017.

The exact number of premises and the regions covered by the FTTC technology may vary once nbn has finalised its construction planning.

It is also important to note that the anticipated technology to be deployed in communities may change depending on a number of factors once the construction planning stage has been finalised. Some areas may be serviced by multiple technologies.
