**Topic: Fibre-to-the-premises access technology**

**Senator Urquhart asked:**

Please confirm that the 197 fibre service area modules set out in the table at Attachment D are being built to receive fibre-to-the-premises access technology.

**Answer:**

182 are being built using Fibre to the Premises. Note that 8DRW-08 was aggregated into 8DRW-06 and 8DRW-07 as part of a network redesign. All premises within these modules are in build using fibre-to-the-premises access technology. The remaining 14 are under review.
