**Topic: Coromandel East – NBN Co’s three year construction plan**

**Senator Urquhart, Anne asked:**

Coromandel East (South Australia) is not in NBN Co’s three year construction plan. What access technology or combination of access technologies will be used to serve Coromandel East, and when will it/they be delivered?

**Answer:**

Coromandel East (South Australia) will be covered by Fixed Wireless and/or Satellite. This area will be included in future releases of the three year construction plan with estimates on the delivery timeframe to be included as part of that release.
