Question 98

As offered by the Australian Securities and Investment Commission on the 3 June 2015 in the Senate Economics Committee can we please have a copy of all the companies that are trading within the ASX building?

Answer:

We don't have that specific information – However, we understand that most of the large market participants utilise the co-location facilities offered by the ASX. By and large it is the smaller market participants that do not pay for co-location facilities within the ASX.
