**Treasury Portfolio**

Supplementary Budget Estimates

2016 - 2017

**Division/Agency:** Budget Policy Division

**Question No:** 420

**Topic:** Omnibus bill - Savings measures

**Reference:** Hansard page 96 (19 October 2016)

**Senator:** Ketter, Chris

**Question:**

Senator KETTER: Can you confirm that all of the measures are entirely expenditure savings measures?

Mr M Brennan: I might defer to Mr Flavel on that.

Mr Flavel: I do not have the detail in front of me, but by my recollection there were two measures relating to revenue measures. One was in relation to the R&D tax offset, I think, and the other one might have been an FBT one, but, as I said, I do not have the detail. I will have to take that on notice.

**Answer:**

Of the 23 measures in the Bill, 21 are primarily expenditure savings measures.
