Department of Education and Training Question No. SQ16-000145

Senator Lines, Sue provided in writing

How much worse off on average

Question

In relation to the Minister's media release from 30 January 2016 "One million families to benefit from child care reforms".

For those families that will be worse off in each of the income categories expressed in the Minister's media release, how much worse off will they be on average:

- a. In dollar terms
- b. In terms of a loss of access to hours (expressed as days of care)
- c. Can the Department break down the income bands any further? Would it be possible to get this information in \$10K or \$25K bands?

Answer

To answer this question would require an unreasonable diversion of resources.
