Department of Education and Training Question No. SQ16-000407

Senator Carr, Kim provided in writing.

Student numbers across all tertiary education sectors from the top 10 destination countries

Question

Table 2 in that document (<https://internationaleducation.gov.au/research/Research-Snapshots/Documents/International%20Student%20Numbers%202014.pdf>) - see attachment, identifies student numbers across all tertiary education sectors from the top 10 destination countries. If possible, please provide a table listing all countries, and providing student numbers from each for the past ten years?

Answer

The department publishes data on international student enrolments by nationality. A table of annual enrolments data back to 2002 is publicly available at:
