Department of Education Question No. ED0305_15

Senator Back asked on 4 June 2014, Hansard page 66

Question

Curriculum review - Panel consultation

Mr Cook: That is difficult to say, Senator, particularly if the reviewers would like to hold any other further consultations once they have actually started to formulate their report. There is no reason to believe at all that it will go beyond the \$300,000, that is for sure. There may be some under-expenditure. CHAIR: Sure. On notice—I do not expect you to tell us now—I would be interested in knowing, and I am sure others would be too, who the panel have met and where they have met them.
