

Senate Standing Committee on Education and Employment

**QUESTIONS ON NOTICE
Budget Estimates 2014-2015**

Outcome 1 - Employment

Department of Employment Question No. EM0771_15

Senator Siewert provided in writing.

Question

Youth Unemployment

Please provide an annual breakdown of trends in full and part time employment and unemployment (numbers and percentages) among young people aged 18-21 and 22-29 from 2008 to the present, by: (a) Totals (b) State (c) Federal electorate

Answer

See tables below.

200 (a) Please provide an annual breakdown of trends in full and part time employment and unemployment (numbers and percentages) among young people aged 18-21 and 22-29 from 2008 to the present, by Totals (Australia)

Selected labour market indicators for 18-21 year olds, 2008-2014														
	Full-time employment	Change over the year		Part-time employment	Change over the year		Total employment	Change over the year		Unemployment	Change over the year		Unemployment rate	Change over the year
	('000)	('000)	(%)	('000)	('000)	(%)	('000)	('000)	(%)	('000)	('000)	(%)	(%)	(% pts)

Source: ABS Labour Force, Australia, Detailed - Electronic Delivery, May 2014 (cat. no. 6291.0.55.001). Data are 12-month averages of original estimates.

200 (c) Please provide an annual breakdown of trends in full and part time employment and unemployment (numbers and percentages) among young people aged 18-21 and 22-29 from 2008 to the present, by Federal electorate

Please note that as up-to-date annual labour market data are not available for 18-21 year olds and 22-29 year olds by Federal electorate, the data provided below are as at the 2011 Census. Accordingly, the boundary structure used in the tables below will differ from the current electoral boundaries.

Selected labour market indicators for 18-21 year olds by Federal Electorate, 2011					
	Full-time employment	Part-time employment	Total employment	Unemployment	Unemployment rate (%)

Source: 2011 ABS Census of Population and Housing. The sum of part-time and full-time employment will not necessarily add up to total employment in the table above, as the total includes persons who stated they worked but did not specify the number of hours worked as well as those who were employed but were away from work.

Source: 2011 ABS Census of Population and Housing. The sum of part-time and full-time employment will not necessarily add up to total employment in the table above, as the total includes persons who stated they worked but did not specify the number of hours worked as well as those who were employed but were away from work.
