Department of Employment Question No. EM0869_15

Senator Siewert asked on 3 June 2014 on proof Hansard page 69

Question

Type of employment following Work for the Dole participation

Ms Drayton: So 21.5 per cent of the people who are surveyed through our post program monitoring survey are in employment three months after they have participated in Work for the Dole. Senator McKENZIE: That is great. Senator SIEWERT: What sort of employment? Ms Drayton: I would have to take that degree of specificity on notice. I do not have it in relation to Work for the Dole. Senator SIEWERT: You could get that information? Ms Drayton: I will take it on notice and see what we can find for you.

Answer

Of the 21.5 per cent of Work for the Dole participants who were employed, 5.9 per cent were employed full-time and 15.7 per cent were employed part-time. Occupation-related information is not collected through the Work for the Dole surveys.
