

**Senate Committee: Education and Employment**

**QUESTION ON NOTICE  
Budget Estimates 2017 - 2018**

**Outcome: Schools and Youth**

**Department of Education and Training Question No. SQ17-000754**

Senator Collins, Jacinta provided in writing

***Schools funding - amount of funding for each approved authority***

**Question**

In dollar terms how much funding does each approved authority receive in base funding and in total funding for the loadings (all combined)? Please also provide as a proportion of their total funding.

**Answer**

The following table shows the 2017 estimated entitlement for all approved authorities and the amount of base funding and loadings calculated as part of that estimated entitlement.

For approved authorities subject to transition arrangements as per Division 5 of Part 3 of the *Australian Education Act 2013* (those above and below the Schooling Resource Standard (SRS)), the calculation of base and loading amounts is nominal as the concept of base and loadings only has legislative meaning for schools that are on the SRS with funding calculated under section 32 of the Act.

Data is from the Department of Education and Training's payment system as at 15 June 2017.
