Additional Estimates 2016 - 2017

Prime Minister and Cabinet Portfolio

Department/Agency: Department of the Prime Minister and Cabinet
Outcome/Program: Outcome 2: Indigenous
Topic: CDP

Senator: Siewert, Rachel

Question reference number: 101

Type of question: FPA Friday 3 March 2017, page 28

Date set by the committee for the return of answer: 13 April 2017

Number of pages: 5

Question:

Senator SIEWERT: So, the bottom line is 4,198 in placements. Can you provide information on how many of those are full time, part time? And when we are talking part time, are we talking a day a week?

Ms Field: We will have to take that on notice.

..

Senator SIEWERT: Could you tell us where those job placements are? Are they in major regional centres or are they in remote communities? Are you able to provide that information?

Ms Williams: We can look to see what we can provide on that. The majority will be in remote communities themselves, because we tend to find that people find work in the places that they live in. What we will do is we will look to see whether we can disaggregate that information.

Senator Scullion: We could certainly do it quite quickly for remote and others. If that is the nature of your question, we can probably do that.

Senator SIEWERT: Remote and others for the time.

Senator Scullion: For the time, yes.

Answer:

Under the Community Development Programme, employment is monitored by employment placements and employment outcomes. Employment placement is achieved when a job seeker commences work. Employment outcomes are achieved at 13 weeks and 26 weeks of employment.

There have been 4,198 employment outcomes achieved between 1 July 2015 and 31 December 2016. This comprised of a total of 3,216 Full-Time outcomes (completely independent of Income Support, or fully meeting a job seekers' Mutual Obligations) and 982 Part-Time outcomes (a partial reduction in Income Support or partially meeting a job seekers' Mutual Obligations). The number of days a job seeker works in part-time

employment outcomes vary, but daily data is not collected by the Department of the Prime Minister and Cabinet.

Table 1 – Employment Outcome Locations identifies the location of the 4,198 employment outcomes achieved from 1 July 2015 to 31 December 2016.
