Question:

Senator SIEWERT: I would like to go back to the question on notice that I asked last time, which is 106. It is in fact the breakdown of the purchases that have been made. Is it possible to get details on the grants that have been made for management?

Ms Button: Yes, we can do that.

Senator SIEWERT: I presume that is an extensive list.

Ms Button: Yes.

Senator SIEWERT: Can you give us the breakdown for the management projects that have been funded, how much and where?

Mr Maher: Can you just clarify over what period you would like that information?

Senator SIEWERT: Can we have that for the same period? You gave me from 2011 to date.

Mr Maher: So, 2011 to year to date?

Senator SIEWERT: Yes.

Answer:

From the 2011 financial year to March 2017 the ILC has provided 238 land management direct grants to the value of \$29.7 million on Indigenous held land (including through the Indigenous Land Holder Services and the Indigenous Pastoral Program).

More specifically:

- 191 different properties were assisted with land management funding (excluding ILC held properties).
- 161 different Indigenous proponents were assisted through land management funding during the period.

See attachment with list of land management projects funded from 2011-2017.
