

Senate Finance and Public Administration Legislation Committee — Budget Estimates Hearing—May 2017

Answers to Questions on Notice

Parliamentary departments, Department of Parliamentary Services

Topic: **2016 Corporate Training Numbers**

Question: **98**

Written: **Senator Kitching**

Date set by the committee for the return of answer: 7 July 2017

How many employees department-wide completed a course offered in the 2016 Corporate Training Program? Please advise their employment grade at the time of training and their existing employment grade, as well as the branch and sub-branch to which they are employed.

Answer

A total of 959 employees completed a course or courses offered in the 2016 Corporate Training Program to 31 December 2016. There were a total of 1599 individual training attendances by these 959 staff.

Employment classification data is not retained by the Learning Management System (LMS). The target classifications for each training course varied but this did not preclude employees from other classifications from participating.

To provide a list by classification at the time of training would be a manual task and would be an unreasonable diversion of resources.

The table at **Attachment A** outlines the branches in which participants were employed.
