

Senate Finance and Public Administration Legislation Committee — Budget Estimates Hearing—May 2017

Answers to Questions on Notice

Parliamentary departments, Department of Parliamentary Services

Topic: **2017 Corporate Training Numbers**

Question: **99**

Written: **Senator Kitching**

Date set by the committee for the return of answer: 7 July 2017

Please advise how many employees have completed a course offered in the 2017 Corporate Training Program to 1 June 2017, their employment grade at the time of training and their existing employment grade, as well as the branch and sub-branch to which they are employed.

Answer

A total of 234 employees completed a course or courses offered in the 2017 Corporate Training Program to 1 June 2017. There were a total of 416 individual training attendances by these 234 staff.

Employment classification data is not retained by the Learning Management System (LMS). The target classifications for each training course varied but this did not preclude employees from other classifications from participating.

To provide a list by classification at the time of training would be an unreasonable diversion of resources.

The table at **Attachment A** outlines the branches in which participants were employed.

2017 Training Attendance
