

Senate Finance and Public Administration Legislation Committee
ANSWERS TO QUESTIONS ON NOTICE
SUPPLEMENTARY BUDGET ESTIMATES 2014-15

Finance Portfolio

Department/Agency: Australian Submarine Corporation Pty Ltd

Outcome/Program: General

Topic: Australian companies involved in the construction and sustainment of the Collins

Senator: Wong

Question reference number: F118

Type of question: Hansard, F&PA Committee, Page 14, 20 November 2014

Date set by the committee for the return of answer: Wednesday, 31 December 2014

Number of pages: 5

Question:

Senator WONG: Can we just go back to broader industry issues and Australian content in relation to the Collins. You might have to take this on notice. Could you give me an estimate about how many Australian companies have been involved in the construction and sustainment of the Collins?

Mr Whiley: We have currently got in excess of 2,000 Australian companies involved in the sustainment space.

Senator WONG: I assume you have got a list of those companies.

Mr Whiley: Yes, we do.

Senator WONG: Are you able to provide that either today or on notice?

Mr Whiley: I could take it on notice.

Senator WONG: I do not need all the details if there is commercial-in-confidence about everything they do or what it costs. I am more interested in who they are and, if you are able to, at a high level, what they provide.

Mr Whiley: Not for all 2,000.

Senator WONG: No. You may say, 'IT: here are these 60,' or whatever—something like that, just the categories...

Answer:
